Preparations for the Tokushima Marathon 2020, which was to be held on March 22nd, 2020 (Sun), were progressing smoothly. However, due to concerns of widespread infection of the novel coronavirus (COVID-19), we have no choice but to cancel the marathon. It is essential that we prioritize the safety and peace of mind of our runners, volunteers, and spectators.

We are currently discussing what measures will be taken in regards to our foreign runner participants. Once a decision has been made, we will let everyone know. We ask for your patience and understanding.
